Social Emotional Learning & Students At-Risk

Project Heal - Summer Program for K-12 School Administrators, Staff & Teachers

June 20 – 24 & July 11 – 15, 9 AM - 5 PM

455 Sherman St, Denver

In response to ongoing school and district challenges to better support student social, emotional, and mental health, Generation Schools Network and the CREC have partnered with Dr. Debra Sandella from the [RIM Institute](#) to deliver training to school staff. The training, called Project Heal, responds to magnified student and staff mental health needs during the pandemic.

Several rural school/district members are utilizing various funding sources to better equip their staff to support the whole student. A monthly professional learning community will also be provided for participating school staff, leadership, and teachers throughout the 2022-2023 school year.

Student-Centered Accountability and Reporting

Student-Centered Reporting Solution Website Launched - New Districts Needed!

The Student-Centered Reporting Solution is a homegrown technology solution that currently serves districts across Colorado and beyond, bringing together education leaders, researchers, policymakers, technology funders, and programmers to remove persistent barriers to addressing equity in education. This grassroots effort leverages the national community of over 11,900 districts in 32 states using the Ed-Fi data standard, creating insightful and timely reports that can be used to engage the local community and achieve equitable, student-centered teaching and learning. Learn more at studentcenteredreporting.org

The CREC is seeking additional districts to pilot new reporting functionalities, contact [Kirk Banghart](#) to learn more.
